Dear Valued IIABO Associate/Allied Member,

We are very excited about the many changes going on at the IIABO! The Big I of Oregon has always served its members by honoring the independence of our agents as well as the strength of joining in advocacy and innovation. The end of 2019 was a pivotal time for our association. We were met with enormous challenges as well as opportunities.

As your new Executive Director, I am committed to the Board's strategic focus:

- Resources that add value to the Independent Agent
- Consumer and Industry Protection & Advocacy
- Forward thinking focused on advancement
- Legislative Advocacy State and National
- A FUN environment for peer to peer collaboration

We have a vibrant Young Agent Committee and are looking forward to this next generation of leadership. We are continually looking for ways to improve and step up our game here at the IIABO! We have a new Premier Partner Program with 24 current partners from Bronze to Diamond Plus. Their financial commitment throughout the year will set the pace for us adding more value to your membership!

Please feel free to connect if you have any questions about membership benefits. In addition Big I National has a contract with ACORD and will pay all members EUL for those agencies under \$50 million P&C Revenue. We are very pleased with this new additional benefit to our Oregon members.

Sincerely,

Tyra Dressel
IIABO Executive Director
